For we

Perhaps
it's fine
after all.

...Yes.

I highly
doubt
they can
get in
any real

Agreed,

And as

Issue 16: Student Council's Boaring Crab Sticks
Manbo-Dead-Behind-the-House-P
Script: Yûji Takahashi / Art: Tsukasa Ryugui

It makes
sound
and all,
and it's
easy to
carry!

It's a
roll-up
piano!

Like
before,
"You and
Me!"

Then
let's try
and play
together!

Now
kneel
before
me!!

I am a
lion,
king of
beasts!!

What's
with
those
looks?

—
Hm?

That's
like crab
sticks
coming
after a
crab.

Not to
mention,
a lion
following
up a cer-
berus?

This is
just a
rehash!!

We already
did a "being
attacked
by a tough-
looking
animal"
thing.

Who
are you
calling
crab
sticks?!

You're
in no
position
to talk
like that!!

Whoa?!

Hm?
What,
kuya?

...
Could
it be
that...

Arrrrgh!!
You
really
are
vile!!

I'll soon
have
you all
tremb-
ling!!

How'd
you find
out so
quickly?!

Since you're
part of the
cat family,
you have
a weakness
to football?

At least
arrive
at that
after some
complica-
tions!!

kuya!!
You're
gettin'
way too
used to
this,
man!!

ゴ

ゴ...

There's
something
important
I've been
meaning to
talk about.

Let me
at least
show
you...

Y-You
think I'm
going to
be done in
before I
can do
anything?

Wah!!

I rule all
of the
school
and your
class!

Because
I am a
King of
beasts!!

And as a
classmate,
I want to
handle
those who
don't hide
their true
fornal!

As student
council
secretary,
when I find
out rule
violation,
I won't let
it escape
me.

That is
why.

For
those two
reasons,
I stand in
your way.

I was the
one who
set off
Kanda-
gawa,
too.

And also,
when
I heard
stuff from
Kanemaru,
I told
Salga.

Roku
gou!!

Hay.

my
objective.

In
order to
achieve

All but two in the class are monsters.

Well, I provided this idea.

And I'll be helping out, too!

...What kind of "thanks" is putting us to work?!

Can we leave the woman to Karonne?

Oh, sure!

Again, you'll be still? for the man's birth...

Amade, you carry the planks to put between the baths.

My abilities will surely be of assistance!

What should I be doing, then?

Whoaaa...?

And so...

Yep.

Your powers stand out too much to be any use today.

That's it?

This is what you can accomplish.

When you're open with each other...

Just need to make sure no one dreams now, right?

Yes, the plan's going well.

Isn't that dangerous for you too?

If you messle with this stuff too much,

I get your goal and all...

...Joke, one.

But why are you doing this?

— Ah...

Yeah, what is that, anyway?

— Well...

It has to do with my own true form.

All in all,
it was
plenty of
fun
for their
equipment.

With their hard-earned money, the band can finally procure equipment.

Yeah, but without knowing we had help...

Course to let the customers paid up!

When your life's in danger, I should think it's fine.

Well, I guess.

50,000 yen... That's kinda a lot.

Wonder if it's okay to even spend.

Ooooh! Show me that!

I wrote up a quick shopping list.

The drums should have plenty of functions, and the amp lets of sounds, even if it is a small one.

Hold on...

Huh?

But
to com-
pose a
song...

Is it
that
easy
to do?

We
gotta go
original!!

Let's
make a
real cool
song!!

Anything
elaborate is
out of the
question,
but it might
be possible.

I wouldn't
say it's
easy...

But a lot
of popular
songs have
simple chord
progressions.

H-hey!
Geez,

Issue 20: Don't Wanna Wind Up Somewhere Too Serious

I don't mind, I've allowed it from the start.

My policy subordinates just forced me to make a visit.

T-This is just...

Good thing we happened to be playing!

If you keep up with the Othello, you can do whatever else you like.

T-The vice president?!

Though I can't bear to hear a performance so full of glaring flaws.

I heard you from outside, but volume isn't an issue either.

Hmph...

We may be beginners yet, but we've been working quite hard lately!

Why you gotta bust in and say that?!

Fine, then tell us what kinda practice do YOU do?!

Shut up! I don't care if you're the music club leader or what!?

You don't even have decent equipment or leadership, do you?

The effort may be there, but it's not effective...

You'll learn firsthand how we operate.

We'll make your arms like a male gorilla's, and your legs like a female gorilla's!

What's with the nuanced distinction?

I-That's a warm-up?

Drumming doesn't only take technique, but also stamina...

As a warm-up, do 300 push-ups and sit-ups!

It's a cute one!

For the sit-ups, we're putting a small hamster under your head.

Wh? Why?

I can't see it!!

The ferret is understandable, but the latter is unnecessary!

We're putting a soaking wet dog on you for the push-ups.

That's heavy AND unpleasant!!

Ohhhh!! You're really good!!

It doesn't help that gravity is stronger on the surface than underground...

I'm going to die...

Hey, don't slack off!!

* BPM, Beats Per Minute, a measure of tempo.

What IS
this?!

Wha...!

I'm exhausted, but I can still keep to the beat.

Especially Chinese's!

My fingers are moving way smoother!

And it's easy to sing right along with Annabi's guitar!

Much improved.
